Harvard Quantum Initiative

Next-Gen Quantum Investigators
2021 Colloquia Series

Wednesdays 4:00 pm
January 13 – March 3, 2021

Zoom link: Meeting ID 949 0650 7113
Password 347553

Join us!

January 13 – Yaxian Wang  Exploring Hydrodynamic Transport in Quantum Materials from First Principles

January 27 – Dominik Juraschek  Shaken, Not Strained: How to Control Magnetic Order with Lattice Vibrations

February 10 – Kade Head-Marsden  Chemistry at the Intersection of Quantum Sciences

February 17 – Valentin Walther  Towards Quantum Optics with Excitons

February 24 – Linbo Shao  Towards Acoustic On-chip Quantum Networks

March 3 – Tijs Karman  How to Destroy Ultracold Molecules …. and How Not To
